

Resistant to impact and walkable due to high surface strength. Easy one-man-installation for favourable project calculations. Secure pipe holder for standard-compliant installation and uniform temperature distribution, at the same time simple repositioning is possible. Lower levels of waste, thus reduced costs and less effort when it comes to disposal.

Pipe diameter in mm	14 – 17 mm
Usable area per board	1.12 m ²
Immediate spacing distance	50 mm
Diagonal spacing distance	71 mm
TC film dimensions incl. overlap in mm	1450 x 850 mm
TC film colour	black/anthracite
Nob height	21 mm
Overall board height	21 mm
